

## **GUIDOLIN GIROTTO SRL**

### **OUR “FIRST TIME” AT PHARMINTECH**

Guidolin Giroto srl is a certified and specialized company which manufactures die-cutting machines for adhesive and no adhesive materials for different markets, for example the medical market.

Although this is the first edition of Pharmintech Exhibition we attend to, we have been operating on the market for many years and we have gained great experience in technical materials processing.

Our production includes flat-bed die-cutting machines, guillotines, rotary die-cutting machines, laminating machines.

On the occasion of this edition of Pharmintech Exhibition we will exhibit a rotary die-cutting machine highly versatile which can be modified by the customer according to the material features and to the kind of production required.

This machine can cut shapes, both with kiss-cutting and with total cutting, made of adhesive and no adhesive materials.

We will be glad to meet people who operate in this market in order to know their requirements and we wait for them in our stand to provide them with any further information regarding our production and our company.
