

Aseptic Filling: technology innovations and regulatory trends

GIOVEDÌ 11 APRILE - SALA PLENARIA PAD. 21

14.00-14.15: PDA IT chapter and workshop introduction
Angela Molaschi (PDA IT Chapter President, NYC)

14.15-14.45: Design and implementation of CIP&SIP
systems applied to isolated filling machines
Andrea Zanotto (IMA)

14.45-15.15: Quality By Design and innovation
technology applied to a New RABS line
Patrizia Muscas (Eli Lilly)

15.15-15.45: Aseptic Isolated Filling Line, QRM
Approach and Case Study: the Comecer&IBI project
Simone Penazzi (Comecer) and Luca Pezzano (IBI)

15.45-16.15: Aseptic manufacturing through integrated
solutions: advanced assembling zero defect lines
Alessandro Zannini (Stevanato)

16.15-17.00: Q&A and round table
